Spring School News!

****We've had an amazing school year so far. Every classroom has a theme that represents the curriculum each week. Our amazing teachers have been working diligently with your students on implementing developmentally appropriate activities. The domains that your children have learned so far in their classrooms are: rote counting, sorting & classifying in sequences, as well as communicating ideas through creative activities, making predictions and forming hypotheses, recognizing and generating rhyming sounds and phonological awareness. These are just a few of the many domains your students have been exploring in their classes. Our teachers are documenting every aspect of your students' areas of growth and development and look forward to sharing with you. We are so proud of your students, for their academic and social growth. We are excited for what the future holds for each of them!**

****NM Pre-K Registration Packet****

Early registration is happening now. Please ask your student's teacher for next year's registration packet.

Transportation To and From APS Schools
Please sign-up at the front desk if your child will need to be taken to an APS school, near us. This will be for the 2019-2020 school year.

Please update your child's file by providing new cell phone numbers, addresses and emails.

Parent Activity Dates

Please sign up with your child's teacher. Parents are welcome to volunteer at anytime.

***** SUMMER PROGRAM*****

We have many amazing and educational activities planned for your students this summer! We are excited to introduce 'The Arts'. Please welcome our music teacher, Ms. Karlina and our art teacher, Ms. Arianna. They will bring rhythm and creativity to the classroom.

Thank you for allowing us to educate your students. Your Children's growth and developments is our #1 priority!
